

COURSES AND PREREQUISITES – W

Grade Requirements: Prerequisites must have been completed with a grade of C or better BEFORE enrolling in this course. The grade requirements for the BA are different for calculus and statistics than for the BS. B- or better is required for the BS.

Courses completed with a C-, D or F do not meet prerequisite requirements (P grades receive credit but are the only exception). Students with prerequisite requirements who do not make progress during advance registration will be dropped if they do not receive a grade of C- or better. Courses may not be taken concurrently with a course for which they are a prerequisite (e.g., calculus is a prerequisite for ECON 360 and may not be taken concurrently with ECON 360).

Course	Prerequisites
