ECONOMICS MINOR (22) 7 FULL COURSES REQUIRED

Before this major can be declared, the student must have:

- A minimum overall GPA of 3.0
- Grades of C or better in both ECON 160 and 162
- Completed 60 credits. The University doesot count courses in progress toward the 60 creditotal.

A minimum grade of C or better is required a course to full I minor requirements. There is a 2 Fail/Drop policy for Majors. Students who fail to receive a grade of C or better in two attempts at core courses will be dropped from the minor. This includes any combination of statistics and/or calculus courses. P/F grades are not allowed (Exception made for Spring 2020 semesther).

Residency Requirements:

• At least 4 of the 7 required courses must be take Biantphamton.

This is a Harpur College minor that is subject to Harpur rules. Harpur requires that no more than THREE course be "double counted" towards both a student's major and any Harpur minor. This means that students in SOM Mathematics will need to substitute additional economics electives to fulfill the economics min SOM Actuarial majors, the calculus requirement is waived and an additional economics elective numbered 300 or abo is required. The Math Actuarial majors cannot use Econ 362 as lective option, because it is required for their major.

- To meet Harpur requirements, at least footithe courses in the minor must be in additional those counted toward the studenthajor.
- Students who have more than three of the required minor coalready counting toward their major will need to substitute additional economics electives and obtain DARS/DW exceptions. No interest economics electives may be restricted and not open to minors. It may be difficult to find seats in elective except during summer and winteression.
- Students seeking to count courses for both their major and the economics minor (up to three course
 will find that the DARS will NOTautomatically count any courses for the minor if the courses are
 already being used for the major. To correct this, students must contact Harpur Advising for assistanc
 (https://www.binghamton.edu/harpur/advising/forms/index.html
